

Women's Foundation of Greater St. Louis

Grantmaking Focus Areas

Abuse Prevention

We believe an environment free from abuse and neglect is essential in creating and maintaining a healthy community in which to live and grow.

Educational Opportunities

We believe that every woman and girl should have access to quality education starting in early childhood and extending throughout her lifetime.

Economic Empowerment

We believe that investing in the economic development of women and girls leads to a healthy and vibrant community.

Leadership Development

We believe that women and girls free of abuse, educated and have maintained some economic health can and should continue to grow and lead.
